SC stays HC order asking SpiceJet to pay ₹243 cr to Maran and firm

A bench comprising Chief Justice S A Bobde and justices AS Bopanna and V Ramasubramanian also issued notices to Kalanithi Maran and his firm

OUR CORRESPONDENT

NEW DELHI: The Supreme Court has stayed a Delhi High Court order asking cash-strapped airlines SpiceJet to deposit around Rs 243 crore as interest in connection with a share transfer dispute with its former promoter and media baron Kalanithi Maran and his firm KAL Airways.

A bench comprising Chief Justice S A Bobde and justices A S Bopanna and V Ramasubramanian also issued notices to Kalanithi Maran and his firm on an appeal of SpiceJet Ltd and its promoter filed against the September 2 order of the Delhi High Court. "Issue notice returnable within four weeks.

"There shall be a stay of operation of the impugned order until further orders," said the bench in its order after hearing both parties via video conferencing on Friday. SpiceJet and its promoter Ajay Singh were asked to deposit around Rs 243 crore as interest payable on Rs 579 crore, which the high court had in 2017 asked the air-

line to deposit under the 2018 arbitration award in the share transfer dispute.

The high court had granted six weeks to SpiceJet Ltd to make the payment and the deadline for paying the money, as per the September 2 order, expired on October 14.

After this, Maran and his firm had moved the high court for attachment of the entire shareholding of Singh in SpiceJet and taking over the management for non-payment of Rs 243 crore. The top court took note of the appeal of the SpiceJet and passed an interim order staying the high court order. Maran and KAL had moved

the high court over a share transfer dispute with SpiceJet, demanding that 18 crore warrants redeemable as equity shares be transferred to them.

The high court on July 29, 2016 had asked both parties to settle the share transfer dispute under arbitration.

It had directed SpiceJet and Singh to deposit Rs 579 crore in the high court's registry. SpiceJet was permitted to furnish a bank guarantee for Rs 329 crore and make a cash deposit of the remaining sum of Rs 250 crore by the high court.

The apex court, in July 2017, had dismissed SpiceJet's appeal against the HC order.

Highlights

SpiceJet and its promoter Ajay Singh were asked to deposit around Rs 243 crore as interest payable on Rs 579 crore, which the high court had in 2017 asked the airline to deposit under the 2018 arbitration award in the share transfer dispute

The high court had granted six weeks to SpiceJet Ltd to make the payment and the deadline for paying the money, as per the September 2 order, expired on October 14.

After this, Maran and his firm had moved the high court for attachment of the entire shareholding of Singh in SpiceJet and taking over the management for non-payment of Rs 243 crore

On July 20, 2018, the arbitral tribunal had rejected Maran's claim of damages of Rs 1,323 crore for not issuing warrants to him and KAL Airways but had awarded him a refund of Rs 579 crore plus interest.

Maran, the owner of Sun TV Network, then moved the high court against the arbitration award. The matter pertained to a dispute arising out of non-issuance of warrants in favour of Maran after the

transfer of ownership to Singh, the controlling shareholder of SpiceJet. The dispute started after Singh took back control of the airline in February 2015 amidst a financial crisis.

Maran and his KAL Airways had transferred their entire 350.4 million equity shares in SpiceJet, amounting to a 58.46 per cent stake in the airline, to its co-founder Singh in February 2015 for just Rs 2.

Commercial coal mine auction: Adani Enterprises wins coal block in Jharkhand

NEW DELHI: Adani Enterprises Ltd on Saturday won Gondulpara coal mine in Jharkhand on the sixth day of commercial mining auction.

Companies like Vedanta Ltd and EMIL Mines and Mineral Resources Ltd were also vying for the coal block.

Adani Enterprises made a final offer of 20.75 per cent revenue sharing for Gondulpara coal mine which has a geological reserves of 176.33 million tonnes, the coal ministry said in a statement.

The mine will generate annual revenue of Rs 520.92 crore, the coal ministry said.

The ministry said that one coal mine of Jharkhand was put up for auction on day six of commercial coal mine auction.

The e-auction witnessed strong competition amongst the bidders with the mine attracting good premium over the floor price, it said. Including Saturday's one block, the government has so far auctioned 18 mines for commercial mining.

Some of the corporate big-

gies that have bagged blocks so far are Vedanta, Hindalco Industries and Jindal Power.

One more block Gare Palma IV/7 will be put on sale on Monday which is the last day of auction of mines.

In June, Prime Minister Narendra Modi launched the auction process for 41 coal blocks for commercial mining, a move that opened the coal sector to private players, and termed it a major step in the direction of India achieving self-reliance.

Jewellers bet on 'Dhanteras'; expect to clock 70% of last year's business

MUMBAI: Jewellers are betting on recovery and are optimistic that a rebound in the economy and pent up demand will help boost sales during this 'Dhanteras' and the industry is likely to do up to 70 per cent of last year's business.

Notwithstanding the ruling high gold prices and ongoing uncertainties, jewellers are expecting a revival in retail sales this festive season as the yellow metal has always been an integral part to festivals in India, particularly so during

Dhanteras, Diwali. "There has been a gradual growth in both footfalls and sales since the beginning of the festive season which has grown even more since the last few days despite the ongoing uncertainties over COVID. This has made us hopeful that we will be able to do 70 per cent of last year's business during Dhanteras," All India Gems and Jewellery Domestic Council Chairman AnanthaPadmanabhan said. Gold prices have been ruling in the range of Rs 52,000 per

10 grams in the country. "Millions of Indians believe that purchasing gold during the auspicious occasion of Dhanteras will usher in good fortune and wealth. Reflecting this sentiment, this year, Dhanteras is likely to mark the onset of a modest buying period, providing some respite after a prolonged phase of suppressed demand and subdued activity due to the current pandemic," World Gold Council Managing Director, India, Somasundaram PR said.

Economy expected to bounce back from next fiscal: SBI chief

KOLKATA: The country's economy, which has shown resilience to come out from a downturn caused by the COVID-19 pandemic, is expected to bounce back from the next fiscal, State Bank of India chairman Dinesh Kumar Khara said on Saturday.

There will be a "paradigm shift" which will lead to a more matured economy with economic players learning to contain costs, he said.

Addressing the virtual annual general meeting of Bengal Chamber of Commerce and Industry, Khara said, "The economy is expected to bounce back from the next fiscal starting from April 2021. The next normal will see a paradigm shift and some of them will be permanent."

Khara said the economy had shown "resilience to come out from the downturn" and some positive traction was witnessed towards the end of the first quarter of the current fiscal.

According to him, invest-

SBI chairman Dinesh Kumar Khara

ment demand from corporate will take some time to pick up.

"Average capacity utilisation among the corporations is around 69 per cent. Investment demand from corporate will take some time to pick up. The cash-rich PSUs will initially embark upon capital expenditure plan which will generate investment demand," he said.

The corporate sector will become "very careful about borrowings" and use their internal resources initially.

He said the core sectors of the economy, such as steel and cement, have been doing well throughout the period starting from April 2020, and they are in a position to tap the export markets.

Boostered by US demand, China's exports in October accelerate

BEIJING: China's export growth accelerated in October, boosting the total so far this year back above pre-coronavirus levels for the first time.

Exports in October rose 11.4 per cent over a year earlier to \$237.2 billion, up from September's 9.9 per cent gain, customs data showed Saturday.

Imports rose 4.7 per cent by value to \$178.7 billion, decelerating from the previous month's 13.2 per cent surge, though volumes of some goods increased.

China's exporters have benefited from the relatively early reopening of the second-largest global economy and demand for masks and other medical supplies.

That has allowed them to take market share from foreign competitors that are hampered by anti-disease controls.

Exports for the first 10 months of 2020 rose 0.5 per cent over the same period a year earlier to \$2 trillion, the first

positive year-to-date figure.

Exports have been bigger than the same month a year earlier since April, but after the first quarter's 13.3 per cent contraction, total growth for 2020 was in negative territory until now.

In October, exports to the United States in October gained 22.5 per cent over a year ago to \$43.8 billion, up from the previous month's 20.5 per cent growth.

Imports of American goods jumped 33.4 per cent to \$12.5 billion, an increase from September's 24 per cent growth.

China's monthly global trade surplus swelled 35.8 per cent over a year earlier to \$58.4 billion, one of its biggest on record.

The politically sensitive trade gap with the United States expanded 18.5 per cent to \$31.4 billion.

China is on track to become the only major economy to grow this year while activity in the United States, Europe and Japan

shrinks.

China's economy shrank by 6.8 per cent from a year earlier in the first three months of 2020 after factories, shops and offices were shut down to fight the virus.

Growth rebounded to 3.2 per cent in the second quarter and accelerated to 4.9 per cent in the three months ending in September. Automakers and other large manufacturers are back to normal activity, helping to drive demand for imported iron ore, copper and other industrial materials.

Retail sales have rebounded to above pre-virus levels, rising 0.5 per cent over a year earlier in the quarter ending in September. Imports have fallen by value after weak demand caused prices of oil and other commodities to plunge.

But volumes of foreign food and other goods bought by Chinese factories and consumers have risen.

RBI Governor recovers from COVID-19

RBI Governor Shaktikanta Das

NEW DELHI: Reserve Bank of India (RBI) Governor Shaktikanta Das on Saturday said he has turned coronavirus negative and will join office next week.

Das was tested COVID-19 positive on October 25.

"I have tested COVID-19 negative. Will be back in office next week. Thank you everyone for your good wishes for my early recovery," the central bank governor said in a tweet.

India's COVID-19 case-load mounted to 84,62,080 with 50,356 infections being reported in a day, while the number of people who have recuperated from the disease crossed 78 lakh pushing the national recovery rate to 92.41 per cent, according to data updated by the Union Health Ministry on Saturday.

The coronavirus death toll climbed to 1,25,562 with 577 new fatalities, the data updated at 8 am showed.

Many public figures including Home Minister Amit Shah, Transport Minister Nitin Gadkari and Petroleum Minister Dharmendra Pradhan have tested positive for the COVID-19 infection and have since recovered.
